

Program

Online course in Ovarian Stimulation and Embryo Transfer

1. Ovarian stimulation

- 1. 1 Basic Principles of Controlled Ovarian Stimulation (COS)
- 1. 2 Pretreatment in the Ovarian Stimulation Cycle
- 1. 3 Conventional controlled ovarian stimulation (COS) protocols
- 1. 4 Alternative protocols for Controlled Ovarian Stimulation
- 1. 5 Use of Progesterone in COS
- 1. 6 Ovarian Stimulation in low responders
- 1. 7 High responders
- 1. 8 COS in patients with PCOS
- 1. 9 COS in Egg Donors
- 1. 10 Ovarian stimulation in oncologic patients
- 1. 11 Ovarian stimulation in luteal phase and double stimulation
- 1. 12 Controlled ovarian stimulation (COS) in obese patients
- 1. 13 Ovulation inductor Trigger strategies

2. Embryo Transfer (ET) Protocols

- 2. 1 Transfer in stimulated cycle
- 2. 2 Embryo Transfer (ET) in natural cycles

Program

Online course in Ovarian Stimulation and Embryo Transfer

- 2. 3 ET in substituted cycle
- 2. 4 Luteal phase support
- 2. 5 Difficulty in endometrial preparation - Refractory Endometrium
